

 **TOYOTA**
oh what a feeling!

TURN THE BACK SEAT INTO A FRONT
ROW WITH REAR SEAT ENTERTAINMENT.
GENUINE ACCESSORIES.

Toyota's Rear Seat Entertainment: reads CD, DVD, SD card and USB thumb drives so kids can watch a movie, play a video game or listen to music.

Choice of three configurations: master unit only, master and slave (plays what the master is showing), two masters for independent use[^].

Increased security: the units can be removed from the vehicle and stored elsewhere.

Seamless integration: the system is purpose built to blend smoothly without affecting the vehicle's speakers.

Safety you'd expect of Toyota: naturally, we've done the ultimate to ensure your safety with the Rear Seat Entertainment System having been designed to integrate with the vehicle's Active Head Restraint System. It also passes all relevant seat strength, seatbelt strength and head injury tests.

The sounds of silence: each screen comes with a set of infrared wireless headphones so kids are happy and parents aren't disturbed.

Crystal sharp viewing: the 7" screen offers superb clarity and the entire unit fits neat and safely within the back of the front seats.

Shortens the longest of trips: because the kids are happily occupied, parents can enjoy the trip and concentrate on the road.

Even more applications: along with playing movies, music and video games it can also view various types of photo and video files.
